

rare form of cancer
limited insurance

no alternatives

chemotherapy

confusion

the best treatment kept secret

helplessness

rage

Determining a patient's treatment based on their insurance coverage is not our idea of health care.

Right now, many patients are uninformed of treatment options because their insurance plans may not cover them. As patient advocates, the physicians of the American Medical Association are working to change this and other problems that affect your health.

Just one of the issues for which the physicians of the American Medical Association stand.

American Medical Association

Physicians dedicated to the health of America
